Welcome Note

Namaste and a very warm welcome to KAUMARACON 2026!

The All India Institute of Ayurveda, an apex institute under the Ministry of Ayush, has set the benchmark for excellence in Ayurvedic education, research, and patient care. The institute is celebrating its **10th Foundation Day**, setting afoot its Decennial celebrations. To commemorate this milestone, the Department of Kaumarabhritya, AIIA New Delhi is organizing the 3rd edition of the International Conference on Kaumarabhritya, "**KAUMARACON 2026**". KAUMARACON is envisioned as a premier global platform for advancing child healthcare, bringing classical Ayurvedic principles together with contemporary scientific advances to foster innovative, evidence-based approaches to pediatric care. We are proud and delighted to invite you to this flagship academic event.

Scheduled from October 15 to 17, 2026, KAUMARACON 2026 will bring together discourses on clinical experiences, emerging avenues, and intricate concepts in *Balachikitsa*, or Ayurvedic Pediatrics, spanning specialized NICU care and emergency management to the pioneering integration of Ayurinformatics, AI, child-friendly dosage forms, and non-invasive diagnostic tools. The program is tailored to empower the next generation of researchers, practitioners, and academicians.

We invite delegates from across India and around the world to join these three enriching days of keynote addresses, dynamic oral and poster presentations, and our "Bala Swasthya Pavilion," showcasing unique Ayurvedic traditions in pediatric health promotion and disease prevention. We hope you will make the most of the networking opportunities and industry exhibitions the conference shall showcase.

Let us join hands to make this conference a leap towards blending of tradition with innovation for a healthier future for our children.

With warm regards,

Organizing Committee
KAUMARACON 2026
Department of Kaumarabhritya, All India Institute of Ayurveda, New Delhi

All India Institute of Ayurveda

Conceptualized in 2005 through a Parliamentary Note by the Govt. of India, and dedicated to the nation by the Hon'ble Prime Minister of India, Shri. Narendra Modi, on 17 October 2017, the All India Institute of Ayurveda (AIIA) New Delhi is a NAAC A++ and NABH-accredited autonomous institute under the Ministry of AYUSH, Government of India. AIIA embodies the Government's vision of weaving India's ancient Ayurvedic wisdom into the fabric of modern science, standing at the forefront of excellence across three core pillars: tertiary healthcare, research, and academic training. This excellence was further catalyzed in 2022 when the Hon'ble Prime Minister inaugurated AIIA's state-of-the-art satellite centre in Goa, significantly expanding the institute's academic, clinical, and research footprint.

Today, the institute offers postgraduate and doctoral programmes across 12 specialties in Ayurveda, complemented by robust clinical care delivered through 45+ specialized OPDs spanning pediatrics, surgery, musculoskeletal disorders, metabolic conditions, oncology, and nephrology, among others. Beyond patient care, AIIA drives interdisciplinary research through its Division of Translational Research, with over 1,500 scientific publications in indexed, high impact journals.

AIIA also serves as the nodal coordinating centre for Pharmacovigilance activities relating to Ayurveda, Siddha, Unani, and Homoeopathy medicines, overseeing a network of 105 centres across the country. Its global footprint extends further, anchored by over 97 Memoranda of Understanding (MoUs, both international and national), that advance interdisciplinary research, capacity building, documentation, validation, and the worldwide propagation of Ayurveda. The Institute is celebrating its **10th Foundation Day on 17th October 2026**.

Department of Kaumarabhritya

Vision & Mission

The Department of Kaumarabhritya at the All India Institute of Ayurveda (AIIA), New Delhi, aspires to develop into a state-of-the-art institution of global recognition in Ayurvedic Pediatrics. Driven by a mission to set up a childcare center of excellence, the department seamlessly integrates traditional clinical wisdom with modern research paradigms to deliver advanced clinical care, foster global training standards, and innovate pediatric medical education.

Core Objectives

Operating through robust hospital, academic, and research infrastructure, the department's core objective is to deliver premier postgraduate and doctoral teaching alongside quality patient care services. Equipped with state-of-the-art facilities, including a specialized Pediatric OPD focusing on various pediatric subspecialties including neurodevelopmental and behavioral disorders, dermatology, and oncology, Pediatric Panchakarma unit, inpatient beds, and a niche NICU, the department serves as a model referral center for Balachikitsa. By designing innovative teaching tools and fostering interdisciplinary collaborations, the department is dedicated to demonstrating the strength, scientific efficacy, and clinical popularity of Ayurveda internationally, shaping a healthier future for child health globally. The department also spearheads two central institutional facilities, Ayurinformatics Lab and KINDER (Kaumarabhritya Initiative for Neurology, Dermatology, Electrophysiology, and Respiratory Studies) Lab.

Paper and Poster Presentations

Who can present: PG and Ph.D. scholars, and Faculties.

Key Themes

- Novel Herbs and formulations in Children, Child-Friendly Drug Delivery Systems
- Next-Generation Non-Invasive Diagnostic Modalities in Pediatrics
- Integrative Approaches to Neurodevelopmental & Behavioral Disorders
- Advancing Pediatric Panchakarma (Bala Panchakarma) Modalities
- Translational Research & Clinical Evidence in Kaumarabhritya
- Ayurinformatics, *in silico* research, AI & ML innovation in Pediatrics
- Nutraceuticals, Functional Foods, and Pediatric Dietetics (*Bal Ahara*)
- Decoding Unexplored Classical Literature on Ayurvedic Childcare
- Standardizing Integrative Clinical Protocols for Pediatric Care
- Other related and relevant themes to *Kaumarabhritya*.

Rules and Regulations for Abstract Submission & Presentation

We invite original research contributions in the following categories:

- Clinical Trials, Experimental / Preclinical Studies, Drug Research (Standardization and Analytical Studies), Observational Studies, Case Reports and Case Series, Systematic Reviews and Meta-Analyses, and Literary Research.
- To maintain high scientific rigor, all participants are strictly required to adhere to the concerned international reporting guidelines corresponding to their study design (e.g., CONSORT, PRISMA, CARE, etc.).
- The Scientific Scrutiny Committee reserves the right to accept or reject submissions. The confirmation regarding the final selection for paper/poster presentations will be uploaded on AIIA Official Website by the **1st week of October**.
- The Committee will make the final decision regarding the presentation category (Oral Paper or Poster Presentation).
- Timings, Templates, and Guidelines for Paper/Poster Poster Presentation shall be mailed to the selected candidates.
- Official delegate registration for the conference is mandatory for any author presenting a paper or poster.

Abstract

- **Word Limit:** Maximum 200 words.
- **Language:** English.
- **Structure:** Must follow the standard IMRD format (Introduction, Methods, Results, Discussion).
- **File Type:** Submit as an MS Word file (.doc/.docx).
- **Typography**: Use standard academic fonts and styles (e.g., Times New Roman, 12 pt, Line Spacing: 1.5”). Hindi/Sanskrit Text should be in Mangal Font.
- Send your abstracts to **kaumaraconaiia@gmail.com**
- **Deadline**: All submissions must be received by **15th September 2026** at 5:00 PM IST.

Registration Fees

Category	Before 15/09/26	After 15/09/26
PGs, PhDs	INR 2500/-	INR 3000/-
Others	INR 3500/-	INR 4000/-
Preconference*	INR 1500/-	INR 2000/-

*Fee separate from Conference Registration fee

Registration Process

Payment QR

ALL INDIA AYURVEDIC SANSTHAN
A/c No.: 38931922947
IFSC: SBIN0062250
UPI ID: AIIA78910@SBI

Registration QR

1. Pay Registration Fees using QR/UPI/A/c Details
2. Scan the QR Code for Registration and upload the payment receipts
3. Complete the Registration Form
4. Confirmation of Registration shall be sent to your Mail ID.

Accommodation shall be arranged by the participants themselves.

Participants are requested to bring their own **laptops** for hands-on sessions.

Pre-Conference Workshop and Themes

There shall be a Pre-Conference Workshop* on 14.10.26 on the following themes: **Demonstration of Ayurinformatics and KINDER Lab Facilities**

*The conduction of the Pre-conference workshop shall be subject to the availablity of at least 15 candidates

Important Information & Guidelines

- **A detailed brochure, containing the details of the sessions and speakers and the event schedule shall be released soon.**
- The last date for registration is **30th September 2026**.
- The pre-conference workshop shall permit a total of 15-30 delegates only, on a first-come, first-served basis.
- The registration fee includes breakfast, lunch, evening snacks, a seminar kit, and a participation/paper presentation certificate.
- There shall be Best Paper/Poster Presentation Award in each category.
